NAVAL STATION, BOX 119
SAN DIEGO, CALIFORNIA 92136-3119

CAD 981 174 554
2A-1

IN REPLY REFER TO:

4330

Ser 400A7 5437

1 NOV 1985

From: Supervisor of Shipbuilding, Conversion and Repair, USN, San Diego

Subj: HAZARDOUS WASTE GENERATED AT NON-NAVAL FACILITIES

Ref: (a) California Hazardous Waste Control Law, Health and Safety Code,
Chap. 6.5
(b) California Administrative Code, Title 22, Chap. 30
(c) SUPSHIP San Diego ltr 400:JRB:arc 4330 Ser 0933 of 2 Mar 84

1. The Navy Public Works Center, San Diego, has notified the Supervisor that, inasmuch as ship repair contractor facilities are not owned or operated by the U. S. Navy, the Navy does not possess a U. S. Environmental Protection Agency (EPA) Generator Identification Number for these facilities. The Navy, therefore, cannot legally manifest wastes generated at these locations for disposal at the Industrial Waste Treatment Complex at Naval Air Station, North Island.

2. Again, you are reminded that it is the responsibility of the MSR contractor to effect hazardous waste disposal in accordance with references (a) and (b) and the requirements of Navy ship repair contracts. The procedures established by reference (c), with respect to the disposal of wastes generated at Government facilities in the San Diego area, remain in effect.

3. The requirements set forth in this letter are considered to be your contractual responsibility. No change in the terms, conditions, delivery schedule or price or amount of the subject contract or any other Government contract is authorized in this regard. In the event you contend that you are not responsible for performance of these requirements, you are to notify the Contracting Officer, in writing, within five days of receipt of this letter, setting forth the reasons for such contention.

D. H. GIFFIN
Captain, SC, U.S. Navy
Contracting Officer
